SUMMARY

Passionate **Full-Stack Developer** with **8+ years** of experience developing in **E-Commerce, Healthcare and Cloud** domain. Proficient in designing and developing scalable web applications with **React.js, Ruby on Rails, and Postgres**. Skilled at writing clear, concise code that is easy to maintain and troubleshoot. Adept at migrating legacy systems, building RESTful APIs, and implementing modern UI/UX designs. Experienced in working with both small and large teams across multiple projects and companies. Able to work independently of remote locations. Strong background in **agile development methodologies** and mentoring junior developers

PROFESSIONAL EXPERIENCE

Lead Software Engineer 2022 - Present
Brillio Pune, India

- Developed and maintained scalable backend services to support B2B e-commerce transactions.
- Integrated external inventory APIs for seamless order processing.
- Collaborated with cross-functional teams to enhance order management workflows.
- Conducted requirement discussions with clients and led onboarding sessions for new team members

Senior Software Engineer 2020 - 2022
Josh Software Pune, India

- Led migration of UI architecture from jQuery to React.js.
- Designed and developed reusable software components which used in 3 different project with reducing development effort by 50%
- Developed and documented APIs for microservices integration.
- Maintained test coverage at 85% with Jest and Enzyme.
- Integrated data visualization graphs using amCharts.

Software Developer 2018 - 2020
Josh Software Pune, India

- Designed and developed a centralized digital platform to manage advertising proposals.
- Implemented React-based UI with both class-based and functional components.
- Optimized database performance using raw SQL queries to reduce in-memory operations.
- Developed frontend and backend functionalities from scratch, ensuring seamless integration.
- Integrated PayPal and XE.com APIs for secure payments and exchange rate updates.
- Collaborated with mobile teams to ensure seamless API communication.

Junior Software Engineer 2017 - 2018
Josh Software Pune, India

- Communicating with clients to understand requirements.
- Worked on a chrome extension design for web page scraping.
- Integrated D3 to plot graphs.
- Worked as a single point of contact to the client for Web application.
- Integrated Stripe payments to accept credit cards.

EDUCATION

Master of Science, Computer Science 2015 - 2016
Fergusson College Pune, India

Bachelor of Science, Computer Science 2012 - 2014
Savitribai Phule Pune University Baramati, India

ADDITIONAL EXPERIENCE & LEADERSHIP

Achievement

- Mentored interns and junior developers on best practices in web development.
- Led technical discussions with clients for architecture and feature enhancements.
- Actively participated in Agile ceremonies (Sprint Demos, Grooming, Retrospectives).
- Hands-on experience with migrating applications from legacy frameworks to modern stacks.

SKILLS

Frontend

React JS · Redux · Javascript ·

React Query · Angular JS 1.13

Backend

Ruby on Rails · RESTfull API Development

Database

Postgres · MongoDB

Development Tool

Git · Jira · Postman · AWS · Scrum

Operating Systems

Linux · Mac
